INTRODUCTION

The sound plot for 'Mack and Mabel' is not particularly complicated, and technically can be replayed from one sound source.

The first two cues relate to the offstage action on page 1 and are given in the dialogue.

Cues 4 to 5 are self explanatory.

For Cue 5, we have created a sound sequence of 41 seconds portraying the spread of the news of the killing of William Desmond Taylor. There will be many ways of doing this, and this idea may not fit in with your conception. Therefore, tracks 8 to 20 are the blocks of sound we used to create this sequence, which you may use in any way you feel necessary.

Tracks 6 and 7 are ambience tracks that you can use to underscore and set the atmosphere of the relevant scenes. They can be faded out as the scene progresses

Track listing notes

The cues and tracks in bold are the basic cues for the show. These could be used in order straight from the CD/Minidisk.

Extra tracks that you can incorporate in your production are marked with an X in the cue list, and are to be used as you see fit.

We do not claim that this CD is the definitive sound for every production, but invite you to use it as a starting point for your own creative juices.

TRACK LISTING

Track	Cue	Act.Sc	Page	Description	Notes	Time
1	1	1,1	1	Toilet Flush		6s
2	2	1,1	1	Aeroplane flypast		13s
